SPEAKERS

David Newmoyer, NAESA International, Host of the Event and Speaker

BIO: David Newmoyer has recently taken a position with NAESA International as the Educational Director and full-time instructor.

David has 21 years of experience in the vertical transportation industry. Dave's experience includes strong leadership, communications, training, and project management background. Developing strong relationships and successful teams was the foundation of Dave's 20-year military career with the United States Air Force. Dave completed his Bachelor of Science in Management at the University of Phoenix.

David has worked as an Elevator Consultant for ATIS Elevator, LLC, a Modernization Manager for OTIS Elevator and in Installations for Kone Elevator. In his previous positions in addition to inspector duties he has developed and led educational training seminars, devised and implemented a new training syllabus, designed a new laser survey procedure for frontline supervisors, created an installation safety program, and mentored/coached newly hired employees.

James O'Laughlin – CEDES

Thursday, September 24th, 8:00 am- 9:00 am

BIO: James O'Laughlin has served as a member of the ANSI A17.1 / CSA B44 Ad Hoc Committee on Door Protection since 2013, providing background information on the current state of sensor technology capabilities and input into the latest door protection requirements.

O'Laughlin is presently the North American Technical Sales Manager for CEDES Corporation of America in Minneapolis, Minnesota and serves as part of their senior management team. As an electrical engineering (BSEE) graduate from Minnesota State University – Mankato, he has more than 30 years experience in product management, product marketing and technical support. He currently focuses on sensors used in the elevators, doors, gates, and warehouse management market sectors.

Brian Rausch- State of Wisconsin

Mark Urban- State of Wisconsin

Kim Schmitt – State of Wisconsin

Thursday, September 24th, 9:00 am- 10:30 am

BIO: Brian- State of Wisconsin DSPA Elevator Safety Code Consultant since 1997. Brian is a graduate of Milwaukee School of Engineering with a Bachelor of Science degree in Architectural Engineering and is a licensed professional engineer. He is responsible for reviewing the conveyance new installation and modernization plans and petitions for variance. He writes website articles and exam questions, maintains forms, assists in updating state codes and assists contractors, inspectors, architects and owners regarding codes related to conveyances.

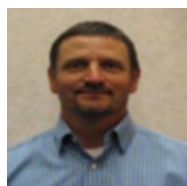

Wisconsin Elevator Symposium

Lake Geneva, WI
September 24-25, 2026

BIO: Mark- State of Wisconsin DSPS Elevator Inspector. Mark is responsible for conveyance safety inspections for acceptance in southeast Wisconsin. In addition, he is tasked with performing field audits of third-party inspectors and accident investigations. During the pandemic, he initiated remote video inspections in Wisconsin, a necessary accommodation to a most unexpected crisis. Prior to joining the Department of Safety and Professional Services, he worked as Operations Manager for the Garaventa Branch Office which serves Illinois and Wisconsin. It was in this role that he gained greater familiarity with Accessibility products and codes as they relate to Inclined and Vertical platform lifts, Residential elevators and Limited - Use/ Limited-Application elevators. During this time, he also earned his Certified Elevator Technician (CET) designation and Chicago Supervisory Elevator Mechanic License. Prior to that he worked in construction, service, and maintenance for a Chicago Local 2 signatory company.

BIO: Kim - Section Chief for the State of Wisconsin Department of Safety and Professional Services Elevator, Boiler, Pressure Vessel, Mech Refrigeration, Gas System and Mine Safety Programs since Aug of 2015.

Prior to working for the state, he spent 20 years in the private sector as an Operations and Service Manager for three electrical/automation distributors. Resides in Erin, Wisconsin with his wife and two daughters.

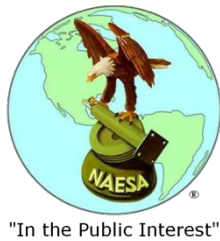

Amanda Brumbaugh- NAESA International
Thursday, September 24th, 11:00 am – 12:30 pm
Friday, September 25th, 10:00 am – 12:00 pm

BIO: With more than 20 years of dedicated service to the State of Idaho, she has built a career centered on public safety, regulatory compliance, customer service, and professional development. Throughout her tenure, she has developed expertise in interpreting code, rules and regulations; training and mentoring inspection staff; and helping customers identify practical, effective solutions while maintaining a strong commitment to protecting the citizens of Idaho.

Donald Holloway- Kings III
Thursday, September 24th, 1:30 pm- 2:30 pm
Friday, September 25th, 7:30 am- 8:30 am

BIO: Don has been with Kings III Emergency Communications for eight years but in the elevator trade for over 20. During that time, he has worked as a mechanic, service manager, inspector, and consultant. He carries a QEI with NAESA and CET/CETS with NAEC in addition to 20 other state licenses across the country. Don also sits on the Electrical Code Committee with ASME (American Society of Mechanical Engineers).

Lake Geneva, WI
September 24-25, 2026

John Gehl - TSASK

Thursday, September 24th, 2:30 pm- 3:30 pm

BIO: John Gehl – Born and raised in Regina, Saskatchewan, I entered the elevator trade out of high school at 18 years old. After working for a few companies and performing new construction, modernization, service, maintenance, troubleshooting and adjusting I was lucky enough to get an opportunity to try my hand at inspecting in late 2018. Years later here we are, still inspecting elevators, amusement rides and ski lifts for the province as the regulatory AHJ. I've been fortunate to present with co-workers at past NAESA Canadian Region seminars and am honored to be speaking to other industry professionals in the United States of America.

Harold Wagner- Schindler

Thursday, September 24th, 4:00 pm- 5:00 pm

BIO: Harold Wagner has been in the elevator business for 40 years. He is a QEI Certified Elevator Inspector, a Louisiana licensed Elevator Inspector and a Mississippi licensed Elevator Inspector. He also is a NAARSO (National Assoc. of Amusement Ride Safety Officials) Level 2 Certified Inspector and Instructor. Mr. Wagner is a retired Lead Elevator Inspector from the North Carolina Department of Labor. He is currently a FQE (Field Quality Excellence) Territory Manager for Schindler Elevator Corporation based in New Orleans La. Mr. Wagner is a SMI (SAIS Master Instructor) for both Elevator and Escalator SAIS (Schindler Acceptance Inspection Standards) for Schindler Elevator Co.

Ryan Fecteau- Switchgear Power Solutions

Friday, September 25th, 8:30 am- 9:30 am

BIO: Ryan Fecteau presently serves as the Electrical Engineering Manager at Switchgear Power Solutions. Ryan is a degreed Electrical Engineer and has spent the last 20 plus years working on Industrial Electrical Distribution Systems. This includes doing, Short Circuit Calculation, Selective Coordination Studies, Preventative Maintenance during shut-downs, Arc Flash Risk Assessments, and Electrical Safety Trainings.

David Harris- NWCCOG

Friday, September 25th, 10:00 am- 12:00 pm

BIO: David Harris started as an entry level building inspector in 1994 and served as a combination building inspector, building official, community development director and a high-rise construction consultant. Later, he moved into the position as chief elevator inspector for the State of Colorado where he served for eight years. Currently the Director of the elevator inspection program for the Northwest Colorado Council of Governments for the last six years. Provides continuing education classes annually for the State of Colorado. Served on several ICC committees and currently the chair of the Western Region of NAESA International for the last three terms.
